

Report on Undergraduate Orientation Program 2025
The ICFAI University Meghalaya – Tura Campus

The Undergraduate Orientation Program 2025 for the incoming batch (2025–2029) was successfully organized today at our campus with enthusiastic participation from students across all departments. The program aimed to welcome the new students, help them understand the academic environment, and introduce them to the various support systems in place to ensure a smooth transition into university life.

The day was thoughtfully divided into two sessions. The **inaugural session** was a formal yet warm welcome, graced by the presence of our **Honourable Vice Chancellor Dr. Alicia Gatphoh** and **Director Sir Shri Proley M Sangma**, who addressed the students with words of encouragement, guidance, and inspiration. Their message emphasized not just academic excellence, but also the importance of values, discipline, and holistic development.

In the **second session**, the students were introduced to key academic and administrative functions. The **Academic Coordinator, Examination Coordinator, Placement Coordinator, and Internship Coordinator** provided insightful overviews of their respective areas, guiding students on how to navigate their academic responsibilities, internship planning, and career preparedness.

An **interactive session with the Heads of Departments (HODs)** was also conducted, giving students a platform to raise their questions and clear doubts related to the curriculum, evaluation system, credits, electives, and other academic processes. This interaction helped create a welcoming and approachable environment for the newcomers.

The program concluded with a **campus tour and orientation** led by the **Student Counsellor**, offering students a glimpse into campus life. The session helped them understand the available student services, academic infrastructure, and resources that will support their overall development during their time at ICFAI University Meghalaya.

The orientation program not only helped ease the transition of the new batch into university life but also instilled confidence and clarity among the students as they begin their new academic chapter. The university remains committed to providing a supportive and enriching environment that nurtures both academic and personal excellence.
